

FAJITA MIX

Deliver dependable
fajita flavors

Street-Style Flavor from your Stove

Dish out bold and flavorful plates that will quickly become your customers' favorite. Our fajita mix is rich, memorable, and pairs well with chicken, beef, or shrimp with flavors of salt, garlic, onion, and a secret ingredient to give you that charcoal taste from the convenience of your stove top. No matter the dish, our blend is up to the task.

Maximize Efficiency in the Kitchen

Give yourself and your staff peace of mind with our fajita mix, saving time and energy while ensuring consistent flavors, every time.

Your staff and your customers will thank you.

Menu consistency and customer satisfaction are two major components of a happy and thriving restaurant. Our mix will wow your customers, help your staff with efficiency, and will establish consistent flavors you can depend on.

and red pepper flakes**

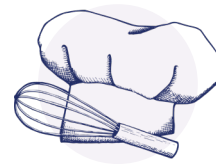

CONSISTENCY

Give your customers the same wonderful experience with each dish. Our fajita mix takes out any guess work and can be used on chicken, beef, or shrimp.

FLAVOR

Salt, garlic, onion, and a secret ingredient makes your shrimp or chicken taste like it was cooked over a bed of charcoal. Get a street-style charred taste on your stovetop.

EFFICIENCY

Streamline your kitchen and make your back-of-the-house operations quick, orderly, and smooth. Our spot-on blend and packaging provide the quality you can count on.
